

INDIANA COMMISSION ON PROPRIETARY EDUCATION

Board of Commissioners Meeting Memorandum

Date: August 6, 2007

From: Rebecca Carter, Director of Regulatory Compliance

**Subject: ITT TECHNICAL INSTITUTE - INDIANAPOLIS
NEW DEGREE APPLICATIONS**

Staff Recommendation

The commission staff recommends that ITT Technical Institute - Indianapolis be granted the authority to award the Associate of Applied Science degree in the following programs:

**AAS – Computer Forensics – On-Line and Resident
AAS – Web Design – On-line and Resident**

Background Information

ITT Technical Institute is nationally accredited by the Accrediting Council for Independent Colleges and Schools (ACICS).

The associate of science degree consists of 96 quarter-credit hours of training; a minimum of 75% of the courses are in the Specialty; and the faculty meets the criteria as stipulated in 570 IAC 1-10.1-4.

Supportive Documentation

Name of Institution ITT Technical Institute - Indianapolis

Name of Program Computer Forensics, Online and Residence Delivery

Level of Degree (AAS, AS, AA, BAS, BA, BS, MBA, MAS, MA, MS, Ph.D.) AAS

Name of Person Preparing this Form Wendy Kandel, Regulatory Affairs Manager

Telephone Number 317.706.9276 Application Type

Date the Form was Prepared August 1, 2007 ☒ New ☐ Renewal

I. PROGRAM OBJECTIVES: Describe what the program is designed to achieve and explain how it is structured in order to accomplish the objectives.

The purpose of this program is to help graduates prepare for entry-level positions in computer forensics. The curriculum of the program focuses on technical, criminal justice and general education cores of study. The technical core covers knowledge and skills in the collection, identification, preservation, extraction, interpretation and documentation of computer evidence. Courses in the criminal justice core will introduce students to the legal and regulatory aspects of computer forensics including an understanding of the judicial system, investigative processes, the importance of maintaining the chain of evidence and incident reporting. The general education core will offer studies in the humanities, mathematics, sciences and social sciences.

Graduates of this program may begin their careers in a variety of entry-level positions involving the collection, preservation, analysis, and presentation of digital forensic evidence. Entry-level positions may include computer forensics specialists, forensic laboratory technicians, cyber-squad professionals and technicians, security telecommunications technicians or security administrators.

II. PROGRAM STRUCTURE: List all courses in the program. Indicate course name, number, and number of credit hours or clock hours for each course.

NAME OF PROGRAM: Computer Forensics

TOTAL COURSE HOURS: 96

Check one: **Quarter Hours** ☒

Semester Hours ☐

Clock Hours ☐

LENGTH OF PROGRAM: 8 Quarters

TUITION: \$40,800

SPECIALTY COURSES:

<u>Course Number</u>	<u>Course Title</u>	<u>Course Hours</u>
CF200	Computer forensics for the first Responder	4
CF210	Cybercrime and Digital Forensic Tools	4
CF220	Computer Forensics: Evidence Collection and Preservation	4
CF300	Practical Windows Forensics and Networking	4
CF310	Practical Linux Forensics and Networking	4
CF320	Computer Forensics: Evidence Analysis and Presentation	4
CF380	Computer Forensics Capstone	4
CJ121	Courts and the Criminal Justice System	4
CJ131	Introduction to Criminal Justice	4
CJ241	Criminal Investigation	4
CJ322	Criminal Law and Procedures	4
IT181	OS Platforms and Computer Technologies	4
T182	Fundamentals of Networking Technologies	4
IT183	Information Security Fundamentals	4
TB139	Strategies for Learning in a Technical Environment	4
TB145	Introduction to Computing	4
TB184	Problem Solving	4
TB332	Professional Procedures and Portfolio Development	4

SPECIALTY COURSES:

<u>Course Number</u>	<u>Course Title</u>	<u>Course Hours</u>
N/A		

GENERAL EDUCATION / LIBERAL ARTS COURSES:

<u>Course Number</u>	<u>Course Title</u>	<u>Course Hours</u>
GE117	Composition I	4
GE127	College Mathematics I	4
GE172	State and Local Government	4
GE217	Composition II	4
GE273	Microeconomics	4
GE347	Group Dynamics	4

Number of Credit/Clock Hrs. in Specialty: 72 / Percentage: 75%
Number of Credit/Clock Hrs. in General Courses: 24 / Percentage: 25%

If applicable:

Number of Credit/Clock Hrs. in Liberal Arts: N/A / Percentage: N/A

All courses in the Computer Forensics program may be taught either completely in residence at the school, completely online over the Internet as a distance education course, or partially in residence and partially online, as determined by the school from time to time in its discretion.

III. LIBRARY: Please provide information pertaining to the library located in your institution.

1. Location of library; Hours of student access; Part-time, full-time librarian/staff:

The Library Resource Center (LRC) is located on the first floor of the school at 9511 Angola Ct., Indianapolis, IN 46268. It is open to students from 8:00AM until 10:00 PM Monday through Friday, and 9:00AM until 2:00 PM on Saturday. A full time librarian and a full time library assistant staff the LRC. *The Virtual Library is available at any time from any location with an Internet connection and web browser. The URL is library.itt-tech.edu.* Library resources support the entire curriculum, including general education courses. ITT Technical Institute provides its students and faculty with a Virtual Library that not only supports their teaching, learning, and research needs, but also offers opportunities for further academic and intellectual exploration. The Virtual Library is available 7 days a week, 24 hours a day, from any Web-enabled computer. By utilizing technological advances and the dynamic environment of the World Wide Web, we have created a library that comes to the user. Our Virtual Library provides access to rich databases that provide a mix of searching and information delivery to bring documents directly to a user's desktop. Our online collection includes full-text books, periodical databases providing full-text magazines and journals, authoritative encyclopedias and other reference sources, and links to Web sites selected for relevance to our programs of study. In addition, the Virtual Library provides traditional library services in the online environment. Information seekers receive support through our "Ask a Librarian" reference service and curriculum-specific research guides, tutorials, and collections of frequently asked questions and answers.

2. Number of volumes of professional material:

The current on-site LRC collection estimates 2000 volumes of professional material. The Virtual Library has licensed approximately 24,000 online books as of February 2006. We anticipate that the number of licensed volumes will continue to increase as new titles are added monthly. In addition to the licensed books, the Virtual Library provides links to large collections of freely available online books made available by various government agencies, publishers, universities, and others interested in promoting unrestricted access to educational materials.

3. Number of professional periodicals subscribed to:

The current on-site LRC professional periodical subscriptions are 24. The Virtual Library has licensed access to several large periodical databases representing over 12,000 magazines and journals. These databases include approximately 10+ years of back-issues for most titles. Of the 12,000, approximately 4600 are non-business.

4. Other library facilities in close geographical proximity for student access:

Students in the *Indianapolis* area have access to the following libraries:

Indianapolis-Marion County Public Library System
Indiana State Library, Indianapolis
Indiana Historical Society Library, Indianapolis
Christian Theological Seminary Library, Indianapolis
Indiana University Purdue University at Indianapolis (IUPUI) Libraries

New faculty for the proposed program will be hired as needed approximately one (1) month in advance of the program start date so that they can familiarize themselves with the curriculum. As an institution regulated by the Indiana Commission on Proprietary Education, the Indianapolis campus will comply with standards relative to faculty qualifications.

DEGREE APPLICATION

(New or Renewal program)

Use the <tab> key to advance to the next field, or select a field by clicking the cursor.

Name of Institution ITT Technical Institute - Indianapolis

Name of Program Web Design, Online and Residence Delivery

Level of Degree (AAS, AS, AA, BAS, BA, BS, MBA, MAS, MA, MS, Ph.D.) AAS

Name of Person Preparing this Form Wendy Kandel, Regulatory Affairs Manager

Telephone Number 317.706.9276 **Application Type**

Date the Form was Prepared August 1, 2007 ☒ **New** ☐ **Renewal**

I. PROGRAM OBJECTIVES: Describe what the program is designed to achieve and explain how it is structured in order to accomplish the objectives.

The purpose of the Web Design program is to help students prepare for entry-level positions in the Web design and development industry, with special focus on the visual, artistic and interactive design aspects of Web sites and applications. The curriculum of the program consists of a design and development core, a business core and a general education core. Students will be taught to perform tasks associated with the development and creation of various design solutions for interactive Web interfaces that enhance user experience and the functionality of various Web sites and applications.

Graduates of this program may pursue careers in a variety of entry-level positions involving the design and production of interactive Web sites and applications.

II. PROGRAM STRUCTURE: List all courses in the program. Indicate course name, number, and number of credit hours or clock hours for each course.

NAME OF PROGRAM: Web Design

TOTAL COURSE HOURS: 96

Check one: **Quarter Hours** ☒

Semester Hours ☐

Clock Hours ☐

LENGTH OF PROGRAM: 8 Quarters

TUITION: \$40,800

SPECIALTY COURSES:

Course Number	Course Title	Course Hours
WD100	Introduction to Web Technology	4
WD106	Introduction to Programming	4
WD110	Introduction to Design	4
WD120	Basic Web Scripting	4
WD125	Digital Typography	4
WE130	Digital Image Manipulation	4
WD131	Introduction to Business and information Systems	4
WD210	Introduction to JavaScript	4
WD220	Animation and Storyboarding for the Web	4
WD230	Audio and Video for the Web	4
WD232	Database Applications	4
WD233	Business and Data Networks	4
WD240	Interface Design and Functional Web Pages	4
WD250	Interactive Web Design	4
WD260	Web Design Project	4
TB139	Strategies for Learning in a Technical Environment	4
TB184	Problem Solving	4
TB332	Professional Procedures and Portfolio Development	4

SPECIALTY COURSES:

Number of Credit/Clock Hrs. in Specialty: 72 / Percentage: 75%
Number of Credit/Clock Hrs. in General Courses: 24 / Percentage: 25%

If applicable:

Number of Credit/Clock Hrs. in Liberal Arts: N/A / Percentage: N/A

All courses in the Web Design program may be taught either completely in residence at the school, completely online over the Internet as a distance education course, or partially in residence and partially online, as determined by the school from time to time in its discretion.

III. LIBRARY: Please provide information pertaining to the library located in your institution.

1. Location of library; Hours of student access; Part-time, full-time librarian/staff:

The Library Resource Center (LRC) is located on the first floor of the school at 9511 Angola Ct., Indianapolis, IN 46268. It is open to students from 8:00AM until 10:00 PM Monday through Friday, and 9:00AM until 2:00 PM on Saturday. A full time librarian and a full time library assistant staff the LRC. *The Virtual Library is available at any time from any location with an Internet connection and web browser. The URL is library.itt-tech.edu.* Library resources support the entire curriculum, including general education courses. ITT Technical Institute provides its students and faculty with a Virtual Library that not only supports their teaching, learning, and research needs, but also offers opportunities for further academic and intellectual exploration. The Virtual Library is available 7 days a week, 24 hours a day, from any Web-enabled computer. By utilizing technological advances and the dynamic environment of the World Wide Web, we have created a library that comes to the user. Our Virtual Library provides access to rich databases that provide a mix of searching and information delivery to bring documents directly to a user's desktop. Our online collection includes full-text books, periodical databases providing full-text magazines and journals, authoritative encyclopedias and other reference sources, and links to Web sites selected for relevance to our programs of study. In addition, the Virtual Library provides traditional library services in the online environment. Information seekers receive support through our "Ask a Librarian" reference service and curriculum-specific research guides, tutorials, and collections of frequently asked questions and answers.

2. Number of volumes of professional material:

The current on-site LRC collection estimates 2000 volumes of professional material. The Virtual Library has licensed approximately 24,000 online books as of February 2006. We anticipate that the number of licensed volumes will continue to increase as new titles are added monthly. In addition to the licensed books, the Virtual Library provides links to large collections of freely available online books made available by various government agencies, publishers, universities, and others interested in promoting unrestricted access to educational materials.

3. Number of professional periodicals subscribed to:

The current on-site LRC professional periodical subscriptions are 24. The Virtual Library has licensed access to several large periodical databases representing over 12,000 magazines and journals. These databases include approximately 10+ years of back-issues for most titles. Of the 12,000, approximately 4600 are non-business.

4. Other library facilities in close geographical proximity for student access:

Students in the *Indianapolis* area have access to the following libraries:

Indianapolis-Marion County Public Library System
Indiana State Library, Indianapolis
Indiana Historical Society Library, Indianapolis
Christian Theological Seminary Library, Indianapolis
Indiana University Purdue University at Indianapolis (IUPUI) Libraries

New faculty for the proposed program will be hired as needed approximately one (1) month in advance of the program start date so that they can familiarize themselves with the curriculum. As an institution regulated by the Indiana Commission on Proprietary Education, the Indianapolis campus will comply with standards relative to faculty qualifications.
